Sponsored by the UCSC Graduate Division, Department of Physics, Department of Chemistry & Biochemistry, Ocean Sciences Department, and Earth & Planetary Sciences Department

Winner of a 2011 UCSC Chancellor’s Achievement Award for Diversity

Outreach

**WISE Outreach** engages with local youth through
- visits to local classrooms
- science fair mentoring and recruitment of judges
- lab tours
- and more!

**Science on Tap** (based on the NOVA “science café”)
- A monthly event where professors from UCSC and other local colleges give talks about their research.
- This event is open to the entire community!
- Helps connect people across disciplines.

Community building

**Social programming** to promote friendships and educational/professional support networks, such as
- happy hours
- receptions
- after-hours trips to Bay Area science museums

**Networking events** to connect with professional contacts for jobs in academia, industry, and other non-traditional career paths

If you are interested in recruiting from among our members, please send us an email!

Workshops & seminars

**Coffee hours** that focus on specific topics of interest, such as:
- finding a work-life balance
- creating an investment portfolio
- designing a personal webpage
- voice projection
- impostor syndrome
- and more!

**Workshops and discussion panels** on
- team-building
- leadership
- gender bias
- alternative career paths
- and more!

Contact us

If you are interested in a possible collaboration (expanding our outreach program, coming to UCSC to present on a topic of interest, etc.) or in sponsoring our organization, please contact us.
